

OBE Implementation

Outcome-Based Education (OBE) is a student-centric learning model that helps faculty to plan the course delivery and assessment.

It is implemented as per the following steps:

- + Define Vision statements, Mission statements for the Institute and department.
- + Define Program Educational Objectives PEOs.
- + GA, POs & PSOs Statements.
- + Define Course Objectives (defined by affiliated university).
- + Map courses with Program Outcomes (POs) at suitable levels of Bloom's Taxonomy (RBT).
- + Define Course Outcomes with Bloom's Taxonomy for each course.
- + Map topics with Course outcomes.
- + Prepare lecture-wise Lesson Plan.
- + Define pedagogical tools for course outcomes delivery.
- + Define rubrics for Assignments, Practical, seminar, Mini Project, Final year Project etc.
- + Use Learning Management Tool such as Moodle for Assignments, Quizzes, Content beyond syllabus coverage, Tests, course feedback etc.
- + Measure the attainment of each COs through Direct/Indirect assessments.
- + Track students 'performance.
- + Identify Gaps in the Curriculum and adopt suitable measures to bridge the Gap.
- + Compare POs/PSOs for last 3 academic years and propose remedial actions.
- + Assess the attainment of Program Educational Objectives.
