Message from: Principal & Director

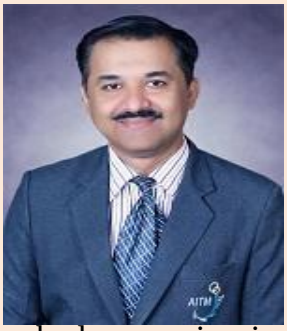

Dr. Anand Deshpande

An Institute is assessed on the basis of the Academic ambiance and outcome of the system in terms of performance and achievements of the students and staff in teaching-learning, research, innovation, Placements, and results. AITM has been known for its Academic credentials coupled with holistic growth in all directions. The new generation of competent minds must imbibe knowledge and practically they should comprehend the art of balancing brilliant technical, managerial communication, and interpersonal skills, nest. The Institute has achieved a series of milestones with the help of brilliant students, dedicated staff, and encouraging Management. We promise a wonderful experience of rich Academic and Excellent facilities coupled with professional practices and blended with an affectionate concern for our Students.

Message from: HOD

Prof. Sagar Birje

Welcome to the Department of Artificial Intelligence and Data Science. AI and DS is the skill of the century and has had a massive impact on the society. AI and DS have seen enormous progress and significant breakthrough innovations in practically every field over the last decade. Keeping this in mind, the AI and DS Department was established in the year 2020 with the aim of providing leadership in the field of AI & DS Engineering with an intake of 60 students. The Department is focused on delivering innovative and high-quality technical education in the field of Artificial Intelligence and Data Science.

❖ Institute Vision and Misssion

Vision:

To become a premier institute committed to academic excellence and global competence for the holistic development of students.

Mission:

M1: Develop competent human resources, adopt outcome-based education (OBE) and Implement cognitive assessment of students.

M2: Inculcate the traits of global competencies (such as domain expertise, Accountability, ethics, problem solving ability, communication skills, leadership Qualities and life-long learning) amongst the students.

M3: Nurture and train our students to have domain knowledge, develop the qualities of global professionals and to have social consciousness for holistic development.

AITM

❖ Department Vision and Mission

Vision:

To deliver a quality and responsive education in the field of artificial intelligence and data science emphasizing professional skills to face global challenges in the evolving IT paradigm.

Mission:

M1: Leverage multiple pedagogical approaches to impart knowledge on the current and emerging AI technologies.

M2: Develop an inclusive and holistic ambiance that bolsters problem solving, cognitive abilities and critical thinking.

M3: Enable students to develop trust worthiness, team spirit, understanding law-of-the-land, social behavior to be a global stake holder

several students were honored with awards and prizes for their outstanding contribut

❖ Department Activities

Mock NBA Accreditation Visit by Expert Team from Kolhapur Institute of Technology.

As a significant step towards achieving academic excellence and ensuring readiness for NBA Accreditation, the Department of Artificial Intelligence and Data Science (AI & DS), Angadi Institute of Technology and Management (AITM), Belagavi, organized a Mock NBA Accreditation Visit conducted by an expert team from Kolhapur Institute of Technology (KIT), Kolhapur. The visit involved a comprehensive evaluation of the department's academic processes, outcome-based education (OBE) practices, curriculum implementation, documentation, infrastructure, faculty involvement, research activities, and student achievements.

The expert team provided valuable observations, constructive feedback, and practical recommendations to strengthen the department's preparedness for the official NBA accreditation process. This mock assessment served as an important milestone in enhancing quality standards, ensuring continuous improvement, and reinforcing the department's commitment to excellence in engineering education.

. Hands-on Workshop on Internet of Things (IoT)Date: 28 January 2026 Participants: 6th Semester AI & DS Students

The Department of Artificial Intelligence and Data Science (AI & DS), Angadi Institute of Technology and Management (AITM), Belagavi, organized a Hands-on Workshop on Internet of Things (IoT) on 28 January 2026 for the 6th Semester students. The workshop was designed to provide students with practical exposure to IoT technologies, embedded systems, sensor interfacing, and real-time hardware implementation. During the workshop, students actively engaged in assembling IoT circuits, interfacing sensors and actuators, programming microcontrollers, and understanding communication protocols used in smart devices.

Saturday Club Activity: Word Reversal Challenge Date: 07 March 2026 Participants: 6th Semester AI & DS Students

Department conducted Club Activity – Word Reversal Challenge on 07 March 2026 for the 4th & 6th Semester students. The activity was designed to enhance students' logical thinking, vocabulary, memory, and problem-solving abilities through an engaging and interactive learning experience. Students enthusiastically participated in various word reversal and language-based exercises that challenged their cognitive skills, concentration, and quick decision-making. The activity encouraged teamwork, healthy competition, and effective communication while promoting critical thinking in a fun and stimulating environment. Such club activities play a vital role in improving analytical abilities, language proficiency, and overall personality development beyond the regular academic curriculum.

A Historic Milestone: First AI & DS Department in India to Achieve NBA Tier-II Accreditation

The Department of Artificial Intelligence and Data Science (AI & DS), Angadi Institute of Technology and Management (AITM), Belagavi, proudly celebrates a landmark achievement of becoming the 1st AI & DS Department in India to receive NBA Accreditation under Tier-II. This prestigious recognition by the National Board of Accreditation (NBA) reflects the department's unwavering commitment to academic excellence, outcome-based education, industry-oriented curriculum, innovative teaching-learning practices, research, and holistic student development. The accreditation stands as a testament to the collective dedication and continuous efforts of the Management, Principal, faculty, staff, students, alumni, and all stakeholders in establishing the department as a center of excellence in Artificial Intelligence and Data Science

AI Rapid Build Hackathon: Innovate. Build. Transform.

The Department of Artificial Intelligence and Data Science (AI & DS), Angadi Institute of Technology and Management (AITM), Belagavi, organized *AI Rapid Build Hackathon*, an innovative technical event aimed at fostering creativity, problem-solving, and rapid application development using Artificial Intelligence technologies. Bringing together enthusiastic students and aspiring innovators, the hackathon provided a dynamic platform to design, develop, and present AI-driven solutions to real-world challenges within a limited time frame. The event encouraged teamwork, critical thinking, innovation, and hands-on learning, enabling participants to showcase their technical skills, creativity, and entrepreneurial mindset in an exciting and competitive environment.

Alumni Interaction Session.

The Department of Artificial Intelligence and Data Science organized an Alumni Talk for 4th and 6th semester students on 23/03/2026. The session was delivered by Mr. Sambram S. Arkasali from Rakuten India Enterprise Private Limited and Mr. Nishant R. Bhandare from Cognizant Technology Solutions India Private Limited. They shared valuable insights on industry trends, career opportunities, and the skills required for professional success. The interactive session motivated students and helped them gain a better understanding of industry expectations.
