E - Newsletter -2026-27

*Volume:1, Issue 3*

### *Message from: Principal & Director*

## Dr. Anand Deshpande

An Institute is assessed on the basis of the Academic ambiance and outcome of the system in terms of performance and achievements of the students and staff in teaching-learning, research, innovation, Placements, and results. AITM has been known for its Academic credentials coupled with holistic growth in all directions. The new generation of competent minds must imbibe knowledge and practically they should comprehend the art of balancing brilliant technical, managerial communication, and interpersonal skills, nest. The Institute has achieved a series of milestones with the help of brilliant students, dedicated staff, and encouraging Management. We promise a wonderful experience of rich Academic and Excellent facilities coupled with professional practices and blended with an affectionate concern for our Students.

### *Message from: HOD*

## Prof. Sagar Birje

Welcome to the Department of Artificial Intelligence and Data Science. AI and DS is the skill of the century and has had a massive impact on the society. AI and DS have seen enormous progress and significant breakthrough innovations in practically every field over the last decade. Keeping this in mind, the AI and DS Department was established in the year 2020 with the aim of providing leadership in the field of AI & DS Engineering with an intake of 60 students. The Department is focused on delivering innovative and high-quality technical education in the field of Artificial Intelligence and Data Science.

## ❖ Institute Vision and Misssion

### *Vision:*

To become a premier institute committed to academic excellence and global competence for the holistic development of students.

### *Mission:*

**M1:** Develop competent human resources, adopt outcome-based education (OBE) and Implement cognitive assessment of students.

**M2:** Inculcate the traits of global competencies (such as domain expertise, Accountability, ethics, problem solving ability, communication skills, leadership Qualities and life-long learning) amongst the students.

**M3:** Nurture and train our students to have domain knowledge, develop the qualities of global professionals and to have social consciousness for holistic development.

AITM

## ❖ Department Vision and Mission

***Vision:***

To deliver a quality and responsive education in the field of artificial intelligence and data science emphasizing professional skills to face global challenges in the evolving IT paradigm.

***Mission:***

**M1:** Leverage multiple pedagogical approaches to impart knowledge on the current and emerging AI technologies.

**M2:** Develop an inclusive and holistic ambiance that bolsters problem solving, cognitive abilities and critical thinking.

**M3:** Enable students to develop trust worthiness, team spirit, understanding law-of-the-land, social behavior to be a global stake holder

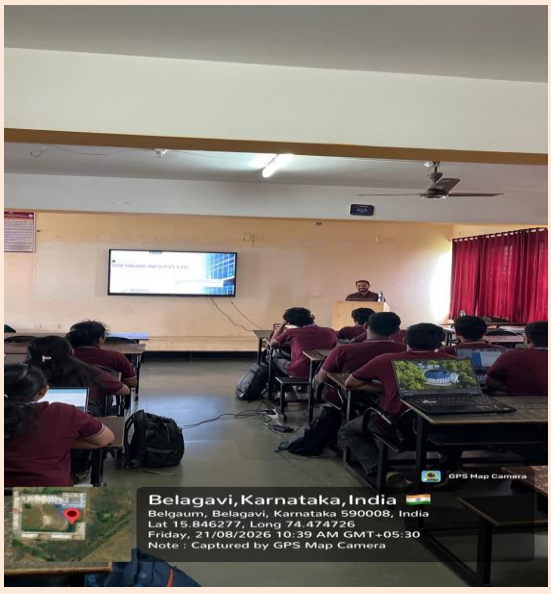

## Department Activities.

### Hands-On Workshop

The Department of Artificial Intelligence & Data Science, Angadi Institute of Technology & Management (AITM), Belagavi, organized a hands-on technical workshop titled "Database-Driven Application Development using Python, MySQL and PyCharm" on 21 August 2026. The workshop was conducted in AI & DS Lab No. 02 from 10:00 AM onwards in co-ordination with Softmusk Info Pvt. Ltd. The programmer was designed to provide participants with practical exposure to the development of database-driven applications and to bridge the gap between classroom concepts and real-world software development.

The interaction with industry professionals and the project-based approach enhanced students' confidence in programming, database connectivity and application development.

## Students Visit VTU Centre of Excellence for AR & VR

The Department of Artificial Intelligence and Data Science, Angadi Institute of Technology & Management (AITM), Belagavi, organized an educational visit for the 3rd and 5th Semester students to the Centre of Excellence for Augmented Reality (AR) and Virtual Reality (VR) at Visvesvaraya Technological University (VTU), Belagavi, on 17 September 2026.

A total of 71 students participated in the visit, accompanied by faculty members Mr. Chetan S. Patil and Mr. Bhushan Aptekar. The visit was organized to provide students with practical exposure to emerging technologies such as Augmented Reality, Virtual Reality, and immersive technologies.

Students also had the opportunity to explore the AR and VR laboratory facilities and gain an understanding of how these technologies are implemented in real-world applications. The interactive session helped students relate their academic knowledge to emerging technological developments and encouraged them to explore innovative project ideas.

## Industrial Visit To Creintors Pvt.Ltd

The Department of Artificial Intelligence and Data Science, Angadi Institute of Technology and Management, Belagavi, organized an Industrial Visit to Creintors Pvt. Ltd., Waghawade Road, Waghawade, Belagavi – 590018, on 30th September 2026, from 10:00 AM to 2:00 PM, for the 3rd Semester AI & DS students.

The visit was organized with the objective of providing students with practical exposure to the industrial environment and helping them understand the real-world applications of Artificial Intelligence, Data Science, and emerging technologies. It aimed to bridge the gap between theoretical knowledge acquired in the classroom and its practical implementation in industries.

The visit also provided an opportunity for students to interact with industry professionals, gain insights into current industrial practices, understand technological advancements, and explore the skills and competencies required to meet industry expectations. Overall, the industrial visit was intended to enhance students' technical knowledge, industry awareness, and understanding of potential career opportunities in the field of Artificial Intelligence and Data Science.
